

Solutions you can trust

# The Fortress Story

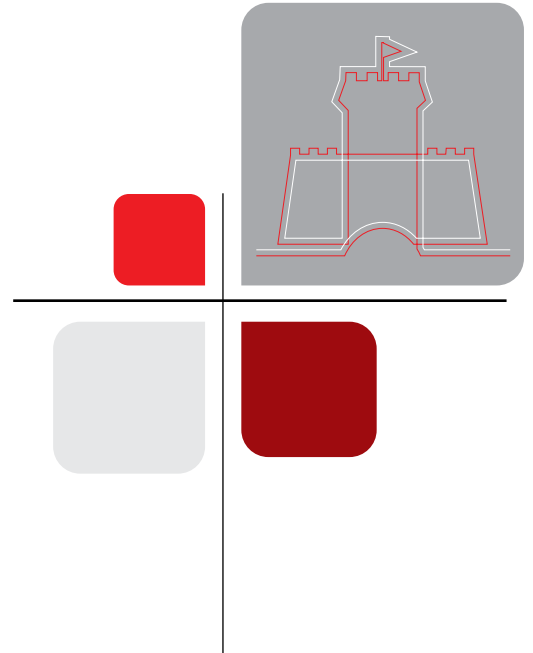

Fortress was established in 2002.

It started as a company involved in the sale of air-conditioners and kitchen equipment and ever since, it has never stopped growing. With the contribution of its highly motivated, loyal, dedicated and hard-working staff, Fortress has today extended its activities to the engineering fields: Mechanical, Electrical and Plumbing services.

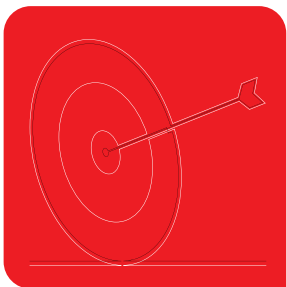

Fortress now offers a full range of services namely, design, project management, implementation, installation and after-sales.

Besides being a major and leading company in Mauritius, Fortress also extends its services to other islands in the Indian Ocean.

In a span of 10 years, Fortress has built a prestigious portfolio which includes several major projects in the Indian Ocean: office blocks, commercial centres, luxury residences, hotels, restaurants, hospitals, amongst others.
